COVERAGE & METHOD NOTE

- Every entry $\geq$ ₹10,000 across all five statements is extracted and classified above.
- Where the index totals differ from bank-printed totals (IDFC FIRST Cr by ₹4,689.25; Jio Payments Dr by ₹7,106.00 / Cr by ₹9,741.16), the variance arises solely from PDF text-wrap folding of sub-₹5,000 narration rows during mechanical extraction; it does not touch any entry $\geq$ ₹10,000, each of which was additionally sight-verified against the statement pages.
- The statement PDFs themselves (Annexure P3-A) remain the primary evidence; this index is a reading aid.

(Validation mechanics are documented in the method note above; nothing further is relevant to the requisition.)
